DENTAL INSURANCE PLAN
Introducing A Dental Plan With Big Benefits.

Finding an affordable dental plan with strong benefits has always been a challenge for veterinarians. That’s where the AVMA Group Health and Life Insurance Trust (AVMA GHLIT) comes in.

Thanks to the purchasing power of the AVMA GHLIT, AVMA members and their staff now benefit from the kind of quality dental coverage and pricing typically reserved for large groups. The new AVMA GHLIT sponsored dental plans offer three distinct levels of coverage, allowing each insured to choose the one that best fits his/her needs.

The program was designed specifically for AVMA by Ameritas Life Insurance Corp. (in New York, First Ameritas Life Insurance Corp. of New York) and is underwritten by Ameritas Life/First Ameritas, one of the leading dental carriers in the nation.

About Ameritas and First Ameritas.

Ameritas Group, a division of Ameritas Life Insurance Corp., provides coverage for more than 2 million Americans and administers coverage for more than 25,000 employer groups nationwide. In New York, insurance coverage is provided through First Ameritas Life Insurance Corp. of New York, a wholly owned subsidiary of Ameritas Life. Founded in 1887, Ameritas Life earns high ratings from independent insurance industry analysts:

- Ag (Excellent) for financial strength and operating performance from the A.M. Best Company. This is the third highest of Best’s 15 ratings.
- AA "Very Strong" for insurer financial strength from Standard & Poor’s. This is the third highest of S&P’s 21 ratings.

The company’s state of the art electronic dental claims system processes over 2.5 million claims each year with a customary turn around time of 5-10 working days, far faster than the industry average.
There's Strength in Numbers.
Quality care. Choice. Affordable pricing. Thanks to the purchasing power of the AVMA GHLIT, you can enjoy all these big-company benefits, no matter what size practice you happen to be.

While each plan offers a different level of coverage, all three plans offer important benefits, including a $1,000 annual maximum, the freedom to choose any dentist, and no minimum participation requirements. Everyone - or just one - in your group can harness the purchasing power of AVMA to enjoy these great benefits.

Three Options Offer Maximum Flexibility.
The AVMA GHLIT sponsored plans offer three distinct dental plan choices, allowing each insured individual to select the right balance of price and benefits. This ability to customize the level of coverage is an advantage not usually available with most dental plans.

Standard Plan - offers solid coverage on a budget. Preventive and Basic care are provided under an affordable, easy-to-understand plan. Highlights include no deductible on Preventive care and no waiting period on all covered care.

Classic Plan - provides excellent mid-range benefits with 100% coverage on Preventive services. Highlights of this plan include orthodontia, a $50 combined deductible (waived on Preventive services), eye care exam, and more. A set fee schedule allows you to know up front what you’ll pay for Basic and Major services.

Premier Plan - provides the maximum coverage of a traditional 100-80-50 indemnity plan. Highlights include orthodontia, a $50 combined deductible (waived on Preventive services), eye care exam, and more.

The Plan Offers Flexibility in Funding, As Well.
The Plan also provides for a variety of options when it comes to funding. No employer contribution is needed; premiums may be paid 100% by employees. Or, employers may choose to contribute.

Employees are able to purchase group dental benefits without a hefty price tag. And if you have a flexible spending plan in place, payments made by employees have the benefit of being pretax.

Open Enrollment: Members, employees and eligible dependents must enroll during the open enrollment period. The open enrollment period runs through February 29, 2004. If you and/or your dependent(s) do not enroll during this period or elect to become insured again after dropping out of the dental plan, you and/or your dependents will be a late entrant.

New hire staff members or new AVMA members outside the open enrollment period: If a person enrolls for coverage more than 31 days after date of hire or joining AVMA, he/she will be a late entrant.

Late Entrant: Benefits for a late entrant will be limited to evaluations, cleanings and fluoride applications in the first 12 months of coverage.

Schedule Plans: Benefit levels that are on a “schedule plan” pay at 100% of a pre-set amount for those covered procedures. Schedule plans pay an affordable, easy-to-understand benefit so members know exactly what the plan pays procedure by procedure. The difference, if any, between the scheduled allowance and the fee charged by the dentist is paid by the patient.

UCR: Usual, Customary and Reasonable charge. Ameritas/First Ameritas uses its own database, as well as data from Ingenix, to ensure allowances meet the highest industry standards. UCR allowances are updated approximately every 12 months.

Wise Buyer: Reimbursements are based on the median dental fees charged per procedure in the specific zip code area where dental services were performed.

Bitewing X-rays: Covered under Basic for all plans.

Orthodontia: Available for eligible children on Classic and Premier plans.

Deductible: A deductible is the amount of money you must pay each year to cover your dental care expenses before your insurance policy starts paying.

Coinsurance: Coinsurance is the amount you are required to pay for dental care in a fee-for-service plan or participating provider organization (PPO) plan after you have met your deductible. It is usually expressed as a percentage of billed charges. For example, if the insurance company pays 80 percent of the claim, you pay 20 percent.

Annual Maximum: Annual Maximum is the most the insurance company will pay per family member per calendar year.
Most AVMA members are eligible to apply.
If you are an AVMA member or a staff employee of an AVMA member and work at least 20 hours per week, you are eligible to apply for coverage.

Eligible dependents include an insured’s spouse and unmarried children up to age 26 who are dependent on the insured for support.

When your coverage becomes effective.
The effective date for each member will be the first of the month falling on or next following:
- the date on which the member agrees to contribute, if that date is within 31 days after the date he or she qualifies for insurance,
- OR
- the date Ameritas/First Ameritas accepts the member for insurance when the member is a Late Entrant. The insured will be subject to any limitation concerning Late Entrants.

You will receive a separate Certificate.
Each insured member will receive a Certificate of Insurance.

When insurance ends.
- Last day of the month following non-payment of premiums.
- Last day of the final month in which you are an active AVMA member or staff employee of an AVMA member.
