What’s Not Covered by Our Plans

Pre-existing Condition Limitation

For the first 12 months following the effective date of your coverage, Horizon Blue Cross Blue Shield of New Jersey will not pay for:

- Conditions for which medical advice, diagnosis, care or treatment was recommended or received during the six months before enrollment.
- Conditions for which during the last six months there were symptoms that would cause a prudent person to seek medical advice, care or treatment.
- Pregnancy existing on the effective date of your policy. However, complications of pregnancy as defined in N.J.A.C. 11:1-4.3 are not considered pre-existing conditions and are not subject to the pre-existing condition limitation.

Pre-existing condition limitation does not apply to a newborn child, an adopted child or a child placed in the household for adoption if the child is enrolled and required premium payments are made within 31 days of birth, adoption or placement for adoption.

This limitation may not apply if you transfer from another health insurance plan and there has been no more than a 31-day lapse in coverage. The limitation also does not apply to Federally Defined Eligible Individuals who apply for coverage within 65 days of termination of prior coverage. Additional limitations and exclusions apply.

Individual and Family Health Coverage

from the State’s Leading Health Insurer:
Horizon Blue Cross Blue Shield of New Jersey

Put our coverage advantages to work for you with a plan that meets your needs and fits your budget!

For 75 years, we’ve been helping New Jersey residents with their health care coverage needs. Today, nearly 3.2 million members have come to rely on us for reliable coverage and the security of the Blue Cross and Blue Shield name. Our strength, experience and solid dependable plans have helped make us the largest health insurer in New Jersey. Here are just a few advantages you’ll find when you choose individual health coverage from Horizon Blue Cross Blue Shield of New Jersey.

Comprehensive, affordable plans for individuals and families

Horizon Blue Cross Blue Shield of New Jersey is pleased to offer a full range of health plan choices for individuals and families. Whether you are purchasing an individual health insurance plan for the first time, or simply looking to get more for your premium dollar, we’re confident you’ll find a plan that fits your exact needs and budget.

Available prescription drug coverage with selected plans

The high costs for outpatient prescription drugs are a concern for many New Jersey residents. That’s why most of our plan options include coverage to help cover the costs of commonly prescribed medications. See the enclosed “Benefits-at-a-Glance” summaries for details.

Guaranteed renewability

Once coverage goes into effect, it is guaranteed renewable. This means that as long as your premiums are paid on time, your coverage will renew each year without proof of good health. Some limitations apply.

Access to broad provider networks

With most of our plan choices, you have access to the large Horizon Managed Care Network. Our agreements with these contracting doctors and specialists allow you to save on the premiums and the cost of covered services. Dozens of leading institutions recognize Horizon Blue Cross Blue Shield of New Jersey and accept our coverage with no paperwork required. It’s likely the doctors and hospitals you currently use participate in our networks.

Coverage away from home

As a member of Horizon Blue Cross Blue Shield of New Jersey you are covered when you travel. With our HMO, EPO and EPO Plus plans, out-of-network coverage is provided in cases of medical emergencies only. With our other plan options, you will have access to the BlueCard® network. This is a nationwide network of doctors and hospitals that allows you to receive benefits and covered services when you travel. To find a participating physician while you’re away, just call the toll-free number on the back of your ID card. It’s that easy.
Choose the Plan that Works Best for You

At Horizon Blue Cross Blue Shield of New Jersey, we want to make it as easy as possible to choose the individual or family health care plan that works for you and meets your budget. Use the checklist below to identify key features of each plan. Then review the specific benefit features presented on the Benefits-at-a-Glance tables that appear in this booklet.

Horizon Basic and Essential EPO and EPO Plus plans
For exceptional affordability, essential coverage, no primary care physician requirement and no referrals
Plan features:
• Priced with cost-saving features designed to keep premiums low
• Health care services through the Horizon Managed Care Network
• No Primary Care Physician required and no referrals needed
• $30 office visit copayment available with EPO Plus coverage
An ideal option for people on a limited budget – like recent college grads or young families.

Horizon HMO plans
For comprehensive coverage, low-out-of-pocket costs and an extensive network of physicians and hospitals, choose a Horizon HMO plan
Plan features:
• Comprehensive coverage that includes preventive care
• A choice of copayment options starting as low as $15
• Low out-of-pocket costs with health care services received through a Primary Care Physician (PCP)
• Extensive HMO network of physicians and hospitals plus out-of-state medical emergency coverage
A combination of cost-saving features and comprehensive coverage makes this a popular choice for many New Jersey residents, especially those with families.

Also Available…
Horizon Basic and Traditional Plans
Plan features:
• Comprehensive benefit for traditional health care services, including hospital, surgical and major medical care
• Unlike managed care options, you are free to use any physician or hospital for your care
• Several coverage levels available to meet your expected health care needs and your budget
• A variety of ways to manage costs through your deductibles, coinsurance and out-of-pocket maximums

If traditional coverage features and freedom of choice are important to you, consider choosing a Basic or Traditional Plan

Horizon High Deductible Plans C and D
Plan features:
• Traditional fee-for-service plans offering a high level of flexibility
• High level of coverage for medically necessary care (70% with Plan C, 80% with Plan D)
• Higher deductible amounts help keep premiums affordable
• Extensive physician network and access to benefits when you travel
If you want comprehensive coverage and flexible plan features that can lower your costs, consider one of these plan options.

Before Signing Up for a Plan, You Should Know…
Eligibility
Under New Jersey law, you may not be denied health insurance coverage because of a medical condition, age, sex, occupation or where you live in the state. However, you must be a New Jersey resident.

You or any dependents you wish to enroll must not be covered or eligible under:
• Another individual health benefits plan
• A group health benefits plan that provides the same or similar coverage (as that phrase has been interpreted through regulation)
• Medicare

Eligible dependents include your spouse or civil union partner, and your children (including those in your legal custody and guardianship) who are under age 19. Full-time students are eligible up to age 25. Special rules apply to handicapped children.

How to apply
Simply complete the enclosed application. To save time in processing, be sure to answer all questions carefully and completely for yourself and all eligible dependents. Be sure to indicate your choice of plan and deductible or copayment, if applicable.

Payment options
You can pay your initial premium by credit card. Monthly premiums can be paid by automatic monthly bank draft or direct bill each month. If paying by direct bill, please enclose a check or money order for your first month’s premium. If choosing automatic bank draft, please attach a voided check to your application.

Changing plans?
If you have health insurance with us or another company, you need to know the following information when changing plans:

From group coverage...
If you are eligible for group coverage, you can only enroll in individual coverage that is not the same or similar to your group coverage during November open enrollment for a January 1 effective date. Your group coverage termination must coincide with the effective date of your new policy with us.

From individual coverage...
If you already have coverage under an individual plan offered by Horizon Blue Cross Blue Shield of New Jersey or another carrier, restrictions may apply to changing coverage. Please call your agent or broker or a Horizon BCBSNJ Sales Representative at 1-800-224-1234 for more information.

Questions About Applying or Changing Plans? Need More Information?
Feel free to call your agent or broker – or call us toll free, Monday through Friday, from 8:30 a.m. to 5:00 p.m., at 1-800-825-7599.
You can also visit us online at www.HorizonBlue.com
## Benefits-at-a-Glance

**TruVision — Traditional LASIK and Custom LASIK**
Save on LASIK vision services, including a pre-operative exam, surgery, and post-operative care through TruVision, a national organization that offers board-certified eligible ophthalmologists. You can also save through TruVision’s Mail Order contact Lens Program.

**HearRx, a HearUSA Company**
HearRx, a HearUSA Company, provides diagnostic audiologic services and hearing aid dispensing nationwide. With locations throughout the U.S., it’s easy to visit any center for a test and counseling. You receive a 10% discount on any hearing aid purchased — even those on sale.

**Healthyroads**
Healthyroads allows you to save on a variety of health-related products, including vitamins, dietary supplements, homeopathic remedies, smoking cessation, weight management and stress reduction programs, plus much more.

**HORIZON HIGH DEDUCTIBLE PLAN**

**SmartEye**
Thanks to our partnership with Cole Vision, you can save on eyeglasses, accessories and examinations through the SmartEye discount program. Participating locations include optical departments in Sears, JCPenney, Target, and Pearle Vision, as well as many independent optometrist and ophthalmologist offices.
